

The Leominster Blue Devils Football Club is a non-profit organization sanctioned by the Commonwealth of Massachusetts. The Club's focus and mission is to provide support and assistance to the Leominster High School Football Program, which includes the players and coaches at all levels: freshmen, junior varsity & varsity. In addition, it seeks to continue the tradition and pride of our historic Football Program.

The Club works with the school's athletic department and the football team's head coach in an effort to provide funds for football related expenses not currently covered by Leominster High School Athletic Budget. All funds raised by the Club go directly back into the program.
